Everyone likes a different end product. The premium wedding albums are beautiful. I highly recommend them, but they are pricy both because they're custom printed and laid out by hand.

In the digital age, it seems everyone just wants access to digital negatives. That's fine: I price the DVD so that you may have unlimited reproduction rights.

³ "Trash the Dress" involves a post-wedding session with usually just the bride in a sexy setting where the bride gets dirty, sandy, etc. Examples are laying on the beach (in your wedding dress) with the waves crashing over you, in an industrial park, fixing a car motor, or whatever the bride is in to that looks completely non-traditional for a wedding dress. As the name suggests, these shoots often render the dress "trashed."

Wedding Photography: what you get

- **Online proof gallery.** I provide a link to an online proof gallery for you to share with your family and friends.
- **Entire coverage.** I cover your ENTIRE wedding, regardless of length. Unless you have a two day wedding—in that case, we need to talk.
- **Bonus Big Day coverage.** I will arrive up to two hours before the ceremony to photograph the nervous energy and priceless “getting ready” moments at either the bride’s or groom’s house.
- **Peace of mind.** I have an equally-capable back-up photographer on standby if I am sick or otherwise cannot cover your wedding.
- **I attend the rehearsal.** I will attend the rehearsal, because I care about your photos and want to see the venue beforehand.
- **Free pre-event couple photos.** When we meet to discuss things surrounding your day, we’ll snap a few shots of the two of you. An informal sitting, at no charge.
- **Outstanding value.** I am not the cheapest, because the service I offer is extraordinary. You will be glad you chose me, because I earn every dollar!
